MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

NOTIFICATION

New Delhi, the 8th April, 2016.

S.O. 1357(E).—Whereas the draft of the Solid Waste Management Rules, 2015 were published under the notification of the Government of India in the Ministry of Environment, Forest and Climate Change number G.S.R. 451 (E), dated the 3rd June, 2015 in the Gazette of India, part II, Section 3, sub-section (i) of the same date inviting objections or suggestions from the persons likely to be affected thereby, before the expiry of the period of sixty days from the publication of the said notification on the Solid Waste Management Rules, 2015 in supersession of the Municipal Solid Waste (Management and Handling) Rules, 2000;

And whereas, copies of the said Gazette were made available to the public on the 3rd June, 2015;

And whereas, the objections or comments received within the stipulated period were duly considered by the Central Government;

Now, therefore, in exercise of the powers conferred by sections 3, 6 and 25 of the Environment (Protection) Act, 1986 (29 of 1986) and in supersession of the Municipal Solid Waste (Management and Handling) Rules, 2000, except as respect things done or omitted to be done before such supersession, the Central Government hereby makes the following rules for management of Solid Waste, namely:-

Solid Waste Management Rules, 2016

New SWM rules has been introduced on 08/04/2016 to ensure effective implementation of the objectives of the Swachh Bharat Mission. It clearly says that :-

" All Resident Welfare Societies, Market Associations, Gated communities, Institution with an area more than 5,000 sq m, all hotels and restaurant shall, within one year from the date of notification of these rules should ensure that the bio-degradable waste shall be processed, treated and disposed of through composting or bio-methanation within the premises as far as possible."

We Deal In

Organic Waste Processor

Modular & prefabricated Bio-methanation plant suitable to treat organic kitchen waste in decentralized way.

Sanitary Pad Disposal Machine

Useful machine for rightful disposal of used sanitary napkin pads & diapers.

Rural SLM Management Services

We have an expertise in wholesome delivery of solid & liquid waste management services at Village panchayat level.

Bio CNG Plant

Bio CNG plant produces compressed methane & organic manure out of large scale bio degradable organic waste generated.

Improved Biomass Cook Stove (ICS)

Uniquely designed improved biomass cook stove for healthier & yet cost effective cooking.

Biomass Briquettes & Biomass Pellets

Eco-friendly & clean fuel which effectively replaces wood/ coal & petroleum based fuel used in industrial boilers & ICS.

Waste Audit

We identify immediate Improvements in waste management practices that result in cost effectiveness and improved recycling practices.
